EasySwing Maxi

EasySwing Maxi is the largest and strongest of our swinging cattle brushes. The Maxi brush is suitable for animals of varying sizes. It has been designed and built to withstand usage by large bulls, but small calves can also use it safely.

Distance for wall	87 cm
Height	150 cm
Weight	60 kg

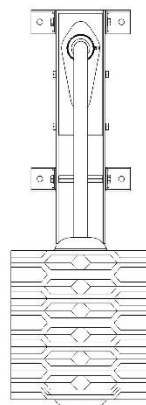

EasySwing Maxi swings mechanically from one side to another and keeps the hair clean.

EasySwing Midi

The EasySwing Midi cattle brush is designed especially for cattle feedlots and young cattle. The Midi is also suitable for horses and ponies.

Distance for wall	70 cm
Height	104 cm
Weight	45 kg

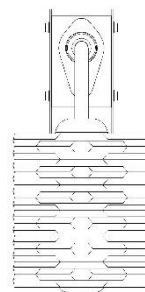

EasySwing Mini

The EasySwing Mini cattle brush is designed as stimulus for animals and for their independent brushing. The brush is suitable for smaller animals such as calves and goats.

Distance for wall	47 cm
Height	62 cm
Weight	20 kg

EasySwing Totem

The Totem cattle brush is designed as independent brushing for horses and bovines in enclosures and on pastures. Suitable for outdoor use.
